

An economical, flexible and extendable line alarm system that provides protection for display merchandise.

VSL

The VSL (Add-on Unit) can be added to the VSM (Main Unit) to increase the number of display items protected.

(A total of 31 VSLs can be added to one ShowSAFE system to protect up to 256 products)

VSL (Add-on Unit) The versatile VSL runs off of the power of the VSM (Main Unit) and requires no separate battery or power source.

- › Perfect solution to extend end cap or permanent displays
- › Each VSL will protect 8 items of merchandise
- › Simply connects to the VSM with a network cable
- › Alarm can be deactivated at both the Main Unit or Add-on Unit
- › Only the alarming Add-on unit needs to be deactivated, all other units are unaffected
- › Easily integrated into existing store fixturing
