

Bug Tag Carrier

Security beyond boundaries

Specifically designed to help you lose less and sell more, this industry first attaches with strong adhesive tape to hard-to-protect, large boxed items and display merchandise.

The Bug Tag Carriers are available with two different types of adhesive to optimize the bond to cartons or plastic display merchandise. Bug Tag Carriers are disposable and compatible with Alpha's S3 2 Alarm and 3 Alarm Bug Tags.

For sell-thru merchandise, Bug Tags and Carriers reduce theft and increase sales by allowing open merchandising.

For display merchandise, Bug Tags and Carriers create secure and customer-friendly displays for maximum customer interaction.

SUGGESTED APPLICATIONS:

Ideal for plasma/LCD TVs, Computers (sell-thru and display merchandise).

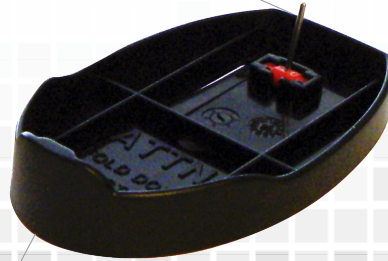

One-of-a-kind industry first

Easy to apply

Carrier Posts - inserts into 2 Alarm and 3 Alarm Bug Tags

2 Alarm Carrier

3 Alarm Carrier

Strong adhesive tape on bottom of Carriers

Maximizes display opportunities

Alpha's single key solution to control high-theft
