

Multi-Tag

An extra measure of protection

Durable construction with protective cushion that securely holds and protects merchandise

Easy to apply and remove

Tough, secure and reusable

Available in S3 & XT Technology for extreme performance

Miximizes display opportunities

Protect this year's hottest sunglasses and prescription eyewear with the Multi-Tag. The Multi-Tag provides durable construction with a protective cushion that securely holds and protects eyewear as well as a host of other hard-to-secure items.

Alpha's XT Technology Delivers Results. The high integrity ball clutch is tough to defeat—designed to perform under the most extreme environments to ensure your merchandise is secure, and you achieve your loss prevention objectives.

Available in AM and RF formats.

SUGGESTED APPLICATIONS:

Ideal for prescription eye glasses, sunglasses, watches, bracelets, necklaces, belts, intimate apparel, swimwear and strapped apparel

show. secure. sell.

Alpha's single key solution to control high-theft
